

# Quest #2: Foresight

*Even in Japan  
in the midst of great battles,  
we love paperwork.*

Those who do not know themselves will always suffer defeat before the battle has even begun. Come, *samurai*, let us see how attentive you are to your capabilities! It is necessary to acknowledge one's strengths *and* one's weaknesses in order to attain true mastery.

Include the following information in your site book:

- Machines (20%)
  - Network information
    - IP address
    - MAC address
    - Hostname
    - Location (local network, cloud network, etc.)
  - System information
    - OS version
    - Scored services
    - Common vulnerabilities
  - Defense strategy
- Networks (10%)
  - Topologies (as images)
  - Routers
  - VPN information
- Users (20%)
  - Names
  - Locations
  - Permissions

*A wise warrior completes the assignment of their sensei to perfection, not simply to a minimum.*
