Subject: IMAC 3 - Create Active Directory Groups

The CISO has decided the IT department needs to create Active Directory Groups and properly assign users to them to facilitate identity management and RBAC.

Create Active Directory Groups for the following Widgets INC departments:

IT
Executives
Marketing
Sales

Properly assign users to the above Active Directory Groups.

In a Word document or .PDF, provide a screenshot of the required Active Directory Groups. The screenshot needs to show the location of the Active Directory Groups in Active Directory. INCLUDE YOUR TEAM NUMBER AND INJECT NUMBER IN THE SUBMISSION FILENAME.

Thank you.

CISO
