The Cyber Stadium competition environment is located at,

<https://ccdc.cit.morainevalley.edu>

Accounts are,

$v\{team\# \}u1, v\{team\# \}u2, \dots v\{team\# \}u8$

So for team 1,

$v1u1, v1u2, \dots, v1u8$

The initial password to the Cyber Stadium for your team is,

QFbUc2w3

Each team should begin logging into their environment using provided information. You will need to change your password on initial access to the stadium. Please remember your password! There is one login per account into the Cyber Stadium.

The NETLAB+ VE system does not have a feature to scrub/ revert to snapshot for any VM, and tech support will not provide this service; YOYO. The system does provide for power cycle of a VM.

The Windows 10 Workstation VM may be used to view services outside the firewall in order to help determine why a service may not score properly. Inquiries to the scoring manager are permitted. Use the inject for Scoring Questions to inquire about scoring. Response is at the discretion of the scoring manager who will usually offer guidance. Responses from the scoring manager will be by notification on this

system.

A note about NETLAB use that will help performance

- Don't leave the NETLAB session on the topology tab; navigate back to the home NETLAB page while working in a VM.
- Close unused VM sessions and otherwise minimize the number of open sessions

In the event technical issues are not addressed in a timely manner or persist, be sure to use the WebEx session.
