Inject Duration: 60 Minutes

Inject Start Date/Time: Sat, 10 Nov 2018 17:57:37 +0000

From: Security Ops

To: Web Server Team

Subject: Monitor Web Site Integrity

Other organizations have experienced compromised web sites. We need to implement technology that monitors our web pages for unauthorized changes. Develop a method to accomplish this and implement then report how this was accomplished including an example of the reporting. Write a memo discussing your approach and screen shots showings implementation.

Thank you.
